Introduction

Welcome to NoraOS, your very own powerful operating system to compute your daily needs! This manual will guide you through using the NoraOS software. Let's get you started!

What is NoraOS capable of?

NoraOS is capable of everything and anything imaginable, whether it's gaming, surfing the world wide web, or working on fun projects, NoraOS is able to do it!

And let's not forget the applications! Here in this operating system, you will have many pre-installed applications!

And best of all? It's all under your control!

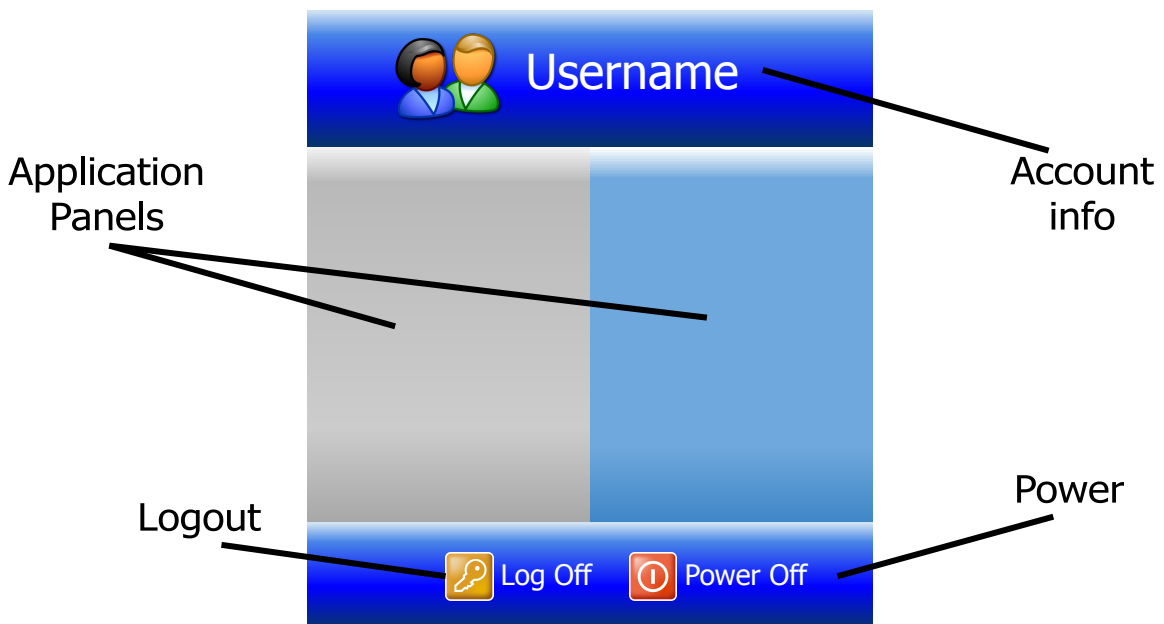

Chapter I: Using the System

NoraOS can be quite difficult to navigate around, especially if you have never used a computer before. But worry not, we're here to help!

First, you have the taskbar:

And the start menu:

These will better help you with navigating around!

Chapter II: Setting up your desktop

NoraOS has many amazing things that no other machine setup has! Like for example, it can:

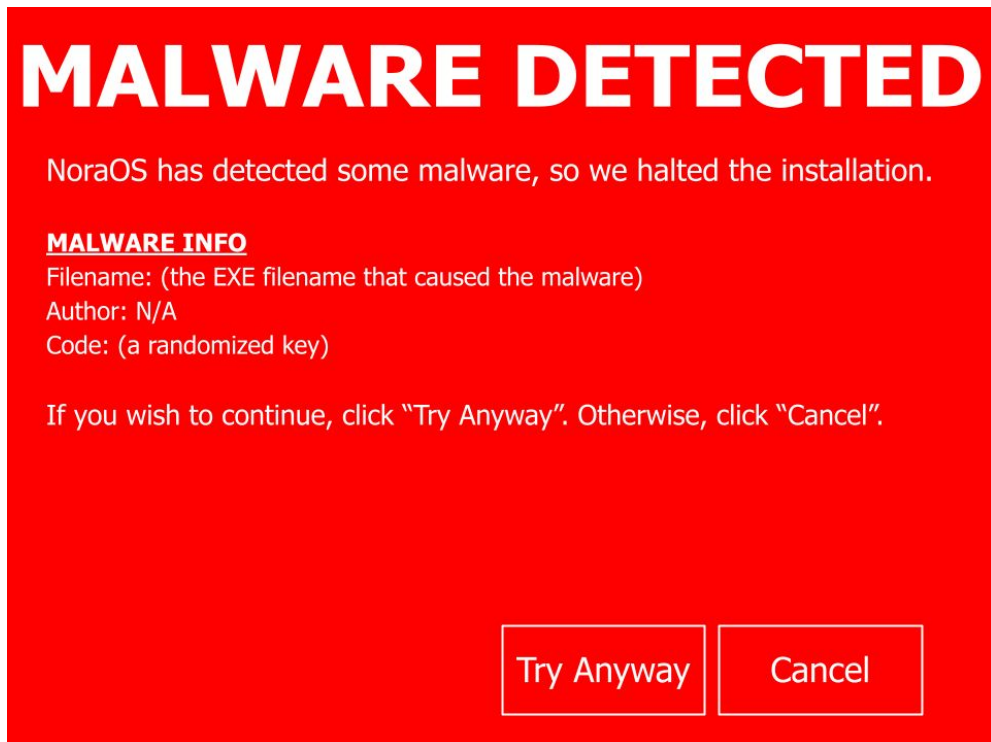

- ➡ Save and apply your desktop wallpaper (you can change it any time and it still syncs!)
- ➡ Sync files and photos (so you don't have to worry about family photos and memories being deleted!)

And better yet: you don't have to have an account! NoraOS has you covered!

So all you have to do is relax! NoraOS does it all for you!

Chapter III: Installing the Unknown

If you are installing any sort of software that is not under a verified name, you are possibly installing malware. If you are about to install the software, you will see the following screen:

This is for safety precautions only. If you experience any lag or any sort of malicious activity on your computer, consider contacting us at: (412)-714-6672

Or email us at support@noraoperatingsystem.world

Chapter IV: Games

You will have a wonderful variety of games you can play!

Such as ones like:

- ➡ Minesweeper
- ➡ Solitaire
- ➡ 3D Pinball
- ➡ Tetris
- ➡ Flipstone

And even better; NoraOS has that powerful gaming experience, so you don't have to worry about any lag or slowness!

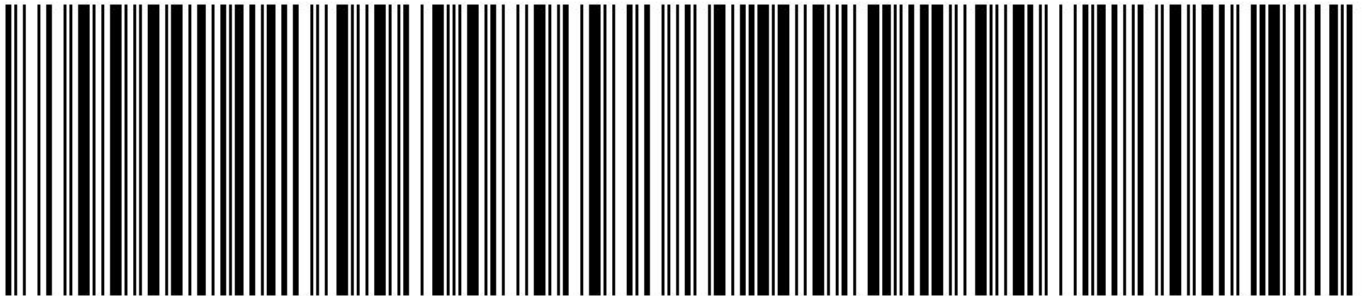

Have fun with the gaming experience!

Chapter V: Applying for a Job?

If you ever at some point need to apply for a job, but you don't know which one to choose, we've got a surprise for you!

Congrats, NoraOS user! You've just earned yourself a job! You can now work at the magical NoraOS Incorporated!

Just scan this barcode at your nearest gas station to get started!

If errors occur while scanning, contact us [here](#)!

Otherwise, we hope you have so much fun at our office!

Chapter VI: Surfing the Internet

Aside from other boring systems, NoraOS delivers fast internet in a flash! All you have to do is search and relax!

Here is a map of the window:
